Decisions Made:

- To ensure the better functioning of the hospital, the committee approved the bulk purchase of beds, diagnostic instruments, and surgical equipment required for a 100-bed facility.
- It was resolved to set up high-speed internet and Smart Classrooms to provide a modern academic environment for the incoming batch.
- For superior practical training, the committee authorized the purchase of various mannequins for the clinical skill labs.
- The committee noted that there are no medical facilities for poor and needy patients within a 20 km area nearby; therefore, the hospital must be equipped to serve as a primary diagnostic hub for the rural population.
